We'll be using hashtag **#restorationjobs** to talk about the great economic results we've seen from our restoration projects.

We've created some sample tweets that you can use, too. Take a look and pick your favorite, or be creative with your own version!

Sample tweets:

Habitat restoration creates 17 jobs for every \$1 million invested <http://bit.ly/yDfKsD> #restorationjobs

Labor-intensive restoration—like building #oyster reefs—creates 30+ jobs per \$1 million invested <http://bit.ly/JsmP1B> #restorationjobs

Restoration boosts local economies, with demand for local businesses & jobs that can't be outsourced <http://1.usa.gov/NHsCXs> #restorationjobs

Restoration creates American jobs for American heroes. We're hiring vets in CA to restore fish habitat <http://bit.ly/CAVets> #restorationjobs
