

Data Sharing Plan

Funding Opportunity: NOAA-NMFS-HCPO-2015-2004351

Project Name: Detroit River AOC – Stony Island Habitat Restoration

Applicant Name: Friends of the Detroit River

The Friends of Detroit River (FDR) will generate environmental data and information, including pre and post-restoration assessments of fish presence, abundance and species; amphibian and reptile species; and terns (post only).

Pre and post construction monitoring data will be collected. It is anticipated, at this time, the data will be generally collected in 2016 and 2018 for the following data sets:

- Fish
 - Pre-monitoring - Spring and Summer 2016
 - Post-monitoring - Spring and Summer 2018
- Amphibian and Reptiles
 - Pre-monitoring - Spring, Early Summer, Late Summer, and Fall 2016
 - Post-monitoring - Spring, Early Summer, Late Summer, and Fall 2018
- Tern
 - Post Monitoring - Spring 2017 and Spring 2018
- As-builts (Data will be collected on each completed section of the work as it progresses and made available.)

The data will be collected by the following organizations:

- Fish: Environmental Consulting & Technology, Inc. (ECT)
- Amphibian and Reptiles: Herpetological Resource and Management, LLC
- Tern: Environmental Consulting & Technology, Inc. (ECT) & Detroit Zoological Society
- As-builts: Selected Contractor

Data will be collected according to the procedures described in the Quality Assurance Project Plan (QAPP). All contractors not identified in this plan will have as a condition of their contract acceptance of this data sharing plan. Data will initially be collected in field notebooks. Some of the data, in the case of the fish will be transferred to electronic spreadsheets for analysis.

Data will be stored with Friends of Detroit River. Published reports will be available on the FDR website. Additionally, data and project information will be shared through presentations and public releases on the project over the construction period.

Requests for data will be available to the public upon request starting October 2018. Contact the FDR at 20600 Eureka Rd., Suite 313, Taylor MI 48180, (734) 288-3889 or Tricia Blicharski of FDR at blicharskifdr@gmail.com, for more information or to make a data request.
